14 January 1981

MEMORANDUM FOR: Deputy Director, National Foreign Assessment Center

VIA: Director of Strategic Research

FROM: [REDACTED] Chief, Regional Analysis Division,  
STATINTL Office of Strategic Research

SUBJECT: Request to Give an Oral Presentation

1. I request permission to give a lecture on intelligence production in CIA to the James Madison University Chapter of the Social Science Honor Society, Pi Gamma Mu. I have been invited to speak to this group on this topic in late March 1981. The student group consists primarily of political science and history majors who have professed an interest in how the work done by CIA fits into the day-to-day operations of the US Government. The group also is interested in potential job opportunities with the Agency.

2. The lecture will consist of a brief overview of the organization of CIA and NFAC, followed by a fairly detailed rundown on the work done in OSR. The proposed briefing text is attached. The attached NFAC organizational chart will be converted to a slide to illustrate where OSR fits into NFAC. None of the material from which my lecture or comments will be drawn is classified.

3. I am not under cover. The Social Science Honor Society is aware of my Agency employment.
